**RE: Requested Resignation**

Dear Chairman Peterson:

As a result of a recent meeting with you and Commissioner Hicks, I was requested to resign the contract which I have with the Nevada Commission for the Reconstruction of the V&T Railway on the grounds that there are insufficient funds to continue to pay for legal services. On such basis, I tender my resignation to you to be effective whenever it is convenient to do so.

However, there is one condition to this resignation. I cannot believe that after I no longer assist the Railroad Commission that calls for files, research, historical information and the like will be made. Any time I am requested to provide any assistance to anyone on behalf of the Commission after the effective date of my resignation, I will be billing at my usual hourly rate of \$300.00 per hour.

Sincerely,

Michael S. Rowe, Esq.  
Attorney at Law
